

**§ 301.14 Administrative review of certain administrative decisions.**

Any State dissatisfied with a determination of the Director pursuant to § 301.13 (e) or (f) with respect to any plan or amendment may, within 60 days after the date of receipt of notification of such determination, file a petition with the Regional Office asking the Director for reconsideration of the issue of whether such plan or amendment conforms to the requirements for approval under the Act and pertinent Federal requirements. Within 30 days after receipt of such a petition, the Director shall notify the State of the time and place at which the hearing for the purpose of reconsidering such issue will be held. Such hearing shall be held not less than 30 days nor more than 60 days after the date notice of such hearing is furnished to the State, unless the Director and the State agree in writing on another time. The hearing procedures contained in 45 CFR part 213 applicable to § 201.4 of this title shall apply to reconsiderations brought under this section. A determination affirming, modifying, or reversing the Director's original decision will be made within 60 days of the conclusion of the hearing. Action pursuant to an initial determination by the Director described in such § 301.1 (e) or (f) that a plan or amendment is not approvable shall not be stayed pending the reconsideration, but in the event that the Director subsequently determines that his original decision was incorrect he shall certify restitution forthwith in a lump sum of any funds incorrectly withheld or otherwise denied.

**§ 301.15 Grants.**

To States with approved plans, a grant is made each quarter for expenditures under the plan for the administration of the Child Support Enforcement program. The determination as to the amount of a grant to be made to a State is based upon documents submitted by the IV-D agency containing information required under the Act and such other pertinent facts as may be found necessary.

(a) *Form and manner of submittal*—

(1) *Time and place.* An estimate for a grant for each quarterly period must be forwarded to the Regional Office 45

days prior to the period of the estimate. It includes a certification of State funds and a justification statement in support of the estimate. A statement of quarterly expenditures and any necessary supporting schedules must be forwarded to the Department of Health and Human Services, Administration for Children and Families, Office of Program Support, Division of Formula, Entitlement and Block Grants, 370 L'Enfant Promenade, S.W., Washington, DC 20447, not later than 30 days after the end of the quarter.

(2) *Description of forms.* "State Agency Expenditure Projection—Quarterly Projection by Program" represents the IV-D agency's estimate of the total amount and the Federal share of expenditures for the administration of the title IV-D program for the quarter. From this estimate the State and Federal shares of the total expenditures are computed. The State's computed share of total estimated expenditures is the amount of State and local funds necessary for the quarter. The Federal share is the basis for the funds to be advanced for the quarter. The agency must also certify, on this form or otherwise, the amount of State funds (exclusive of any balance of advances received from the Federal Government) actually on hand and available for expenditure; this certification must be signed by the executive officer of the IV-D agency submitting the estimate or a person officially designated by him, or by a fiscal officer of the State if required by State law or regulation. (A form "Certificate of Availability of State Funds for Assistance and Administration during Quarter" is available for submitting this information, but its use is optional.) If the amount of State funds (or State and local funds if localities participate in the program), shown as available for expenditures is not sufficient to cover the State's proportionate share of the amount estimated to be expended, the certification must contain a statement showing the source from which the amount of the deficiency is expected to be derived and the time when this amount is expected to be made available.

(3) The IV-D agency must also submit a quarterly statement of expenditures
